# **Welcome to another new Team Member**

## **Lisa Acquisto** **Massage Therapist**

specialising in therapeutic, remedial,  
shiatsu & reflexology treatments.

**Lisa is thrilled to be returning to the Gold Coast from Melbourne most recently, and Airlie Beach prior to that. She will be joining the team from Friday, 25 October.**

Lisa comes from a family of massage therapists. Her father, with whom she trained and worked, was known as the man with the magic hands. In 2002, Lisa and her brother and began their own clinic, which is still flourishing 12 years later.

Lisa believes that we are all unique, as are the reasons we acquire ailments. She acknowledges that there are many types of healing. For Lisa massage is a symbiotic relationship between patient and therapist, with the best results achieved when both work as one. She affirms we must persevere, in finding the right treatment or right mix for our body to achieve the best results personally, on our quest to alleviate or heal our condition.
